Our group enjoyed recent tour to S. Korea & Japan during the cherry blossom season. We all had a very positive experience with the **Global Holidays USA** for very well delivered tour especially as promised by its principal & tour manager Sameer. It was “one of the best trip we had”. However as a suggestion, they need to have a designated airline person in their office to make sure bookings, meal selections, upgrades and other requirements from the customers.

TOUR DE MASALA

The most loved cuisine of the globe now on 4 wheels!

Indian cuisine reflects a perfect blend of various cultures and ages. With deep understanding and knowledge of using spices and herbs with complex combinations, it is not just about carrying traditions, it is also about purity, spirituality, family and unity. The list is a pretty long and so is our menu. Our kitchen Caravan brings you a perfect balance of all the 6 flavours every time you have your meal on board so you'll never run out of delicious homely food that our Rajasthani Maharaj has to offer.

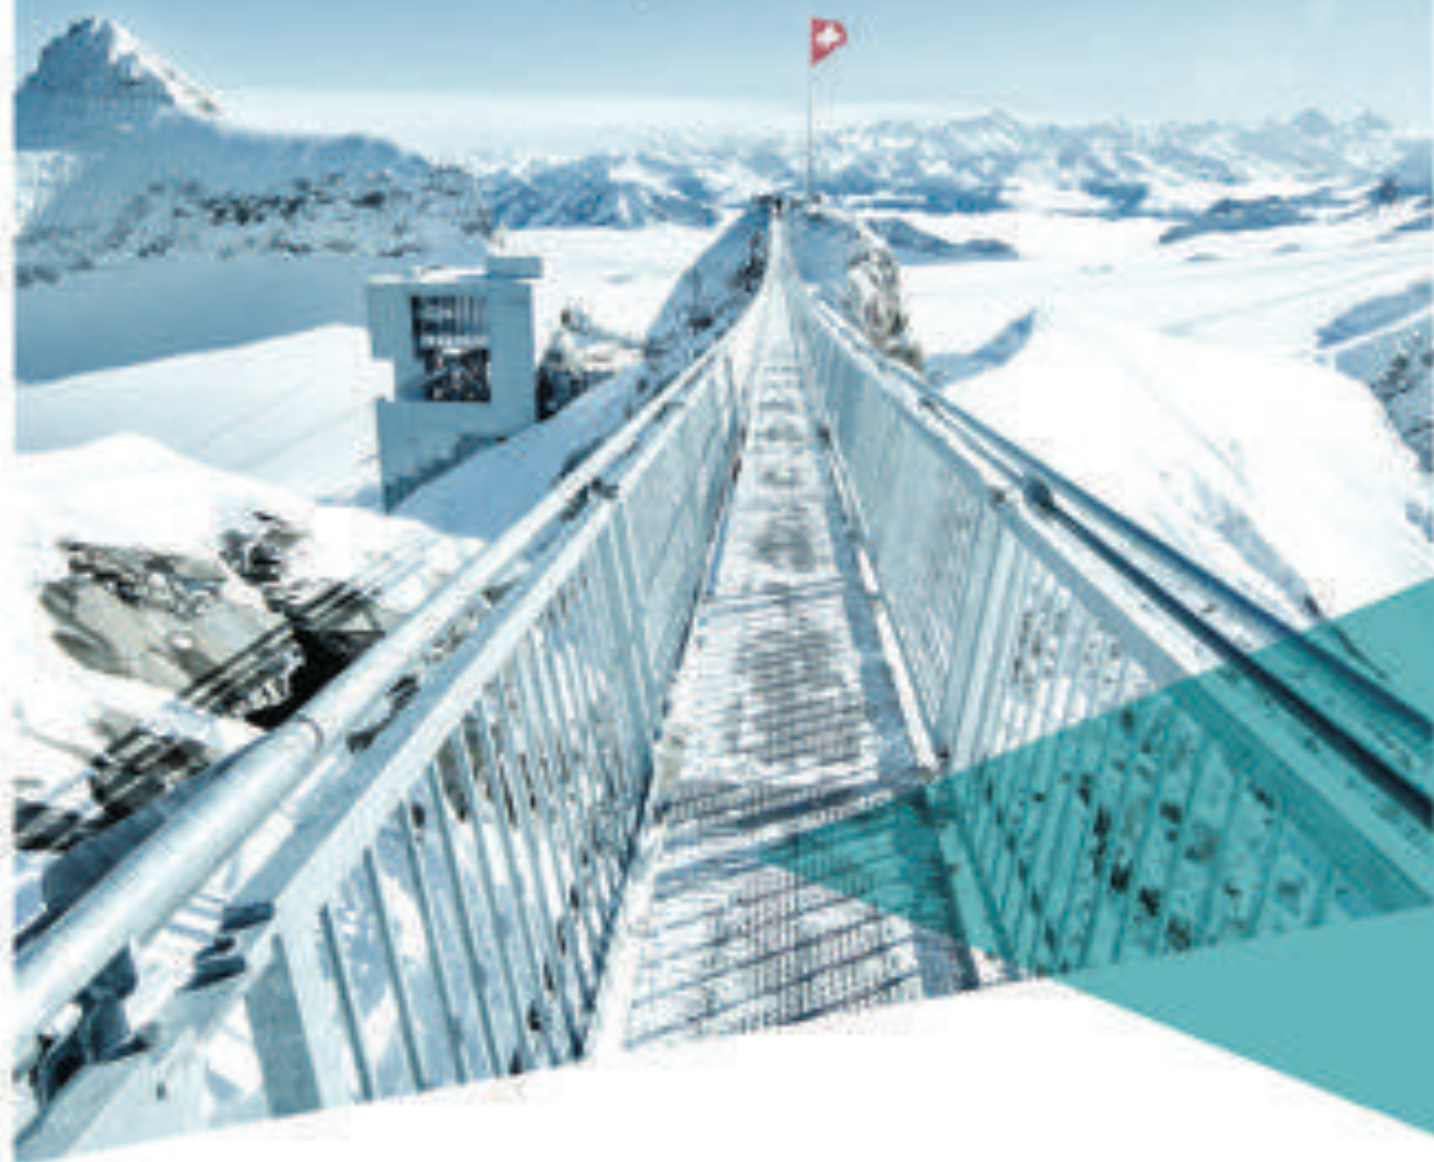

Whenever you travel with us, you will always have an option to choose the type of food you would like to have. Whether it's Jain or Halal, we have got you. However, depending on some circumstances or surroundings, special arrangements cannot be guaranteed for Halal or Jain requests. Lunches are predominantly vegetarian and are provided outdoors at a service station/rest area and dinners are usually provided with the hotel/restaurant in a separate dining facility.

Our Kitchen Caravan would be happy to serve you two vegetarian curries, roti/naan/puri, lentils (daal), yoghurt, raita, salads, pickles, papad & sweet dish on your travels so you never lose the sight of desi tadka on foreign soil.

Note : Passengers are requested to inform Global Holiday's of any food allergies at the time of booking and are also advised to make appropriate arrangements prior to commencing their tour.

HAVE A SAFE FLIGHT ✈️

SAFETY FIRST. ALWAYS

We want to provide safe, secure and efficient transportation at all times. The cabin crew is trained and always there to help you regarding any queries related to your safety. All you have to do is ask. Your seat pocket has a safety information card which provides important information in the unlikely event of an emergency. Do pay attention to the safety demonstration onboard. Remember that refusal to obey the lawful command of the captain or cabin crew is an offence.

CLEANLINESS HELPS ON-TIME FLIGHT PERFORMANCE

GoAir has a three-tier principle - punctuality, affordability, and convenience. This can be achieved with your help. Refrain from placing trash or any discarded items in your seat pocket or the floor. You may seek the cabin crew's help to discard unwanted rubbish. The cabin crew will also conduct special rounds for waste clearance at intervals.

KEEP MOVING

Long flight can cause cramps in the limbs. Move your hand and legs while seated every hour for a few minutes. You can also stand near your seat but only during a long duration flight (more than two hours). Remember: stand only when the seat belt sign is off. Stretch your chest and arms or try breathing exercises. These help regulate blood circulation and relax stiff muscles.

CABIN PRESSURE

You may feel a certain discomfort in the ears during take-off or landing due to changes in cabin pressure. To relieve the ear pain, swallow hard or hold your nose and gently breathe out with your mouth closed. Parents travelling with toddlers or infants should feed their kids during take-off and landing to avoid discomfort in the ears.

NO SMOKING

Please comply with the strict no-smoking rule in the cabin or lavatories as it can endanger the safety of your fellow passengers and disrupt the flight. Use of e-cigarettes is prohibited inflight.

HYDRATION AND CIRCULATION IS KEY

Drink lots of nonalcoholic beverages and water to hydrate yourself as low humidity in the cabin can cause your body to dehydrate. Apply moisturiser liberally to combat dry skin. High altitude intensifies the adverse effects of alcohol, so limit your consumption. Consuming any alcoholic beverage not bought from the inflight menu is prohibited.

PORTABLE ELECTRONIC DEVICES

Your lightweight portable electronic devices can be used unless advised otherwise by crew. When the safety demonstration is underway and during taxi, take-off or landing, it is advised that you unplug your personal headphones or earphones. Your laptops should be stowed away safely during the above phases. Your safety is our top priority, so follow the captain or crew's advice to turn off or put your devices on Flight Mode during the flight.
